Message to Members

Dear Members,

Finally warm weather has arrived! When you arrive at YOUR Credit Union you will notice the brand new parking lot. It is a very nice improvement for our members. What a great start to our summer, and we hope your summer is off to a GREAT start :)

Protecting your identity and your money is something very important to GTEFCU. Identity thieves are out there and looking for any way they can to get YOUR personal information. Identity thieves might be someone looking in your mailbox or garbage for information, but could also be a tech savvy internet thief. One service the credit union offers to help you protect your identity is online banking and bill pay through **It's Me 247**. This is secure service and will cut down on the outgoing mail you have going out of your mailbox.

Security is first!! If you are a snowbird or move please make sure you change your address with us at the credit union. This is the only way we will make a change of address. We must have a signature to change your address in order to help protect your identity. Having a change from the post office will not work for us...

Protect your account and personal information from thieves. Never give out your account number or card numbers, for whatever ploy the fraudsters are trying. If it is too good to be true... don't get caught in the scam!!! **Our best advice is to be careful and protect your information!**

Thank you for your membership,

LuAnn M. Schott
Manager/Treasurer

Social Networking Security

If you use Facebook, MySpace, LinkedIn, or any Social Networking Community website, you may want to take a closer look at your privacy settings. The US-CERT, (United States Computer Readiness Team), offers some good tips on Staying Safe on Social Network Sites. Among the important tips is simply recognizing that information you post on the web for your friends to read may be open for the world to read.
